FORECAST OF THE GENERAL ELECTION

BOTH PARTIES CLAIMING
VICTORY IN CALIFORNIAInsurgency Booked to Win in North-
west—Struggle on Pacific Coast
Has Been Unparalleled

LOS ANGELES, Nov. 7.—Russ Avery, chairman of the County Central Republican Committee predicts that Johnson will carry Los Angeles county by fifteen to eighteen thousand, and also predicts twenty thousand plurality in Southern California for Johnson.

Albert Norton, the Democratic chairman, is firm in his statement that Theodore Bell will carry the south, although he refuses to make a numerical forecast.

Aside from the gubernatorial results, Los Angeles county is most interested in the fight for the district attorneyship between Capt. Fredericks, the Republican incumbent, and Thomas Lee Woolwine, Democrat. This campaign has been marked with vindictiveness in charges and counter charges.

SAN FRANCISCO, Nov. 7.—After one of the most vindictive and bitter

campaigns in the history of California politics, the campaign managers today are attempting to forecast the vote. While the fight centers primarily on Johnson and Bell in the gubernatorial struggle, the congressional election is demanding interest because of the national unrest caused by the insurgent tariff discussion.

In the eighth district, S. C. Smith, Republican incumbent, appears sure of election over W. C. Irving. Needham, the regular Republican, is engaging in a hard struggle with A. L. Cowell, Democrat, in the sixth district and Englebright, regular Republican, has a strong opponent in Baker, Democrat, in the first district. The leaders predict the election of Kent, Hays and Stephens, insurgents, although the Democrats in the seventh declare that Handley will defeat Stephens by a close vote. Both factions predict the heaviest vote ever polled.

DR. CRIPPEN HAS
CHANCE FOR LIFEExecution Stayed Till Nov. 22
—Americans Will Strive
to Save Him

LONDON, Nov. 7.—The execution of Crippen is indefinitely postponed. The order indicates that the execution will be on November 22. Scotland Yard officials deny that the postponement is a result of the report emanating from Philadelphia that Mrs. Crippen is hiding in Chicago. The general belief is that the postponement is in accordance with an ancient custom, giving the condemned man two Sundays between the sentence and the execution.

POLICE OF CHICAGO HAVE
NO CLUE TO MRS. CRIPPEN

CHICAGO, Nov. 7.—Replying to the assertions of persons declaring that Mrs. Crippen is hiding in Chicago, Chief of Police Sullivan today declared that the department has no authentic information regarding the matter, and denies the existence of any clue to her whereabouts.

WOULD GIVE HIS LIFE
TO SAVE THE DENTIST

An unidentified elderly man this afternoon offered to go to the gallows in Dr. Crippen's place. He said the dentist's professional skill might be of value to the world, whereas he was of no use.

PHILADELPHIA, Nov. 7.—Francis Tracy Tobin, a prominent attorney of this city, left for Washington last night to demand that the State Department intervene and save Dr. Harvey Hawley Crippen from death on the gallows Tuesday morning on the ground that Mrs. Belle Elmore Crippen is still living. He will request that the Secretary of State cable at once to the American ambassador asking that the latter petition the Home Secretary of Great Britain to order a stay of execution until Mrs. Crippen can be produced in the flesh.

\$50,000 OFFERED FOR OR
TO BELLE ELMORE ALIVE

NEW YORK, Nov. 7.—Dr. D. J. Munyon of Philadelphia believes that Belle Elmore Crippen is alive, and through several reporters he has offered a reward of \$50,000 to any one who will produce her. He says he will give the \$50,000 to Mrs. Crippen herself if she will come forward and save the life of her husband, who is to be hanged for murder in London tomorrow.

Transcript Recorded

There was recorded here today a transcript of the judgment docketed in favor of J. E. Holden against Francis E. Crawford, who owns a big ranch at El Modena. The amount of the judgment is \$364.50.

Election returns will be received at Elks Hall, Tuesday night. Regular meeting. Supper following.

JOHNSON'S ELECTION MEANS
DELIVERANCE FROM S. P. RULE
LEADERS ISSUE LAST STATEMENT AS TO ISSUES
INVOLVED—BELIEVED JOHNSON WILL BE ELECT-
ED BY BIG MAJORITY TOMORROW.

SAN FRANCISCO, Nov. 7. (Special to the Register)—To the Voters of California: The campaign for the freedom of California from the interest which for forty years has dominated, and which was begun nearly nine months ago, is now closed and the issue of it is in your hands. I have made the fight, and it is for you, by your votes, to decide where California shall stand among the states. The alignment is now well established between a free state on one hand, and all the associated forces of political and civic corruption on the other. You have it from the open efforts on the part of every adherent and personal assistant of William F. Herrin and the Southern Pacific political machine where Herrin and that machine stand. You have it from the lips of Earl Rogers, the attorney for Patrick Calhoun, just where the corrupt interests that have debauched the city of San Francisco stand. You have it from the tools of the allied special interests just where "big business" stands.

It is not a matter of personality of this candidate or any other candidate. Let no man consider that in casting his vote against me he does me a personal injury, but let every man consider well in casting his vote what injury he may do his state, his family and himself. It is no longer my fight. It is your fight and it is yours to say whether the struggle that brave men have made for forty years shall now be in vain.

At no time during the long and heroic struggle has the opportunity for freedom of the people of California been so nearly in their hands. Think ye well how long it will be before again you will have so great an opportunity. Consider solemnly that the defeat of that element in the dominant party of California, which has wrested control from William F. Herrin and the associated interests of debauchery and corruption, will mean the return to power of the most baleful influence that ever dominated a state government. The alignment is plain and has been made by our opponents. On one side are Ruef, Calhoun, Burke, Herrin and Hearst, all working in unison for the Democratic candidate. On the other side, refusing concession or compromise, I stand. It is yours to choose, and I will await cheerfully and confidently your decision.

HIRAM W. JOHNSON.

SAN FRANCISCO, Nov. 7.—To the Voters of California: On the last day of the campaign the Republican State Central Committee, after having received reports from all sections of the state, can reaffirm with renewed confidence the prediction that Hiram W. Johnson will be elected governor by the greatest plurality ever received by a candidate for that office. Recent developments have pointed unerringly to the duty of all good citizens who place patriotism above partisanship. The Democratic candidate has the support of the pro-graft press of San Francisco. He is backed by Herrin, Hearst, Calhoun and Ruef. The railroad hirelings throughout the state, under the direction of Jere Burke, Johnnie Lynch and Walter Parker, are working for Bell. All the running of Ruef is being exercised in his favor. Every ultra reactionary is on the Democratic side. Why this is so, we leave for the Democratic candidate to answer; the fact remains. The issue is luminously clear. Neither Roosevelt nor Pinchot ever uttered a truer statement than when Roosevelt said: "Failure to elect Johnson would be a blow to good citizenship," and when Pinchot said, "Johnson's defeat would be accepted everywhere as the victory of the railroad."

Johnson has the support of every great progressive leader, state and national. He typifies progressive Americanism. During the past three days the situation in San Francisco has cleared up wonderfully. Johnson, in his San Francisco speeches, which have been made to record-breaking, wildly enthusiastic audiences, has completely exposed the alignment of the corrupt forces supporting the Democratic candidate. The feeling here has entirely changed. Politicians who were dubious before are now claiming that Johnson will carry San Francisco by at least 5000. Alameda county will give Johnson 10,000 plurality.

In Los Angeles county, the stronghold of Republicanism, where the Democrats had counted on Republican disaffection, the tables have completely turned. The Democrats are rowing among themselves. Editor Gibbon of the Herald, the strongest real Democratic paper in the state, having come out in a broadside editorial against Albert Norton, Theodore Bell's vice chairman, denouncing him as

ROORBACK
BECOMES A
BOOMERANG

SAN FRANCISCO, Nov. 7. (Special to the Register)—Patrick Calhoun and Earl Rogers have furnished to their candidate, Mr. Theodore Bell, for use by Bell's accomplice and co-conspirator, a voucher of the United Roads, showing the payment of a bill to me, February 7, 1907.

The facts in this connection are as follows: In 1906, prior to the graft prosecution, I was employed by the United Roads. I performed my services and at the time of the payment of the bill there were no indictments against Patrick Calhoun, nor had the disclosures then been made which resulted in his indictment. My services were rendered in 1906. My bill was paid February 7, 1907, and this is the voucher published by Hearst and Herrin, Ruef and Calhoun. The bill then paid was the only bill rendered, and the amount was the only sum paid to me by the United Roads. The supervisors confessed on March 19, 1907, and this

Consignment of Silk Carried in
Air From Dayton to
Columbus, Ohio

COLUMBUS, Ohio, Nov. 7.—The first "freight" aeroplane that ever ascended arrived at Columbus from Dayton today, with a consignment of silk for a local firm. It made the forty-two mile trip in an hour and ten minutes, and was driven by Aviator Parmelee.

The flight was made under the supervision of the Wrights, to demonstrate that an aeroplane is valuable for other objects than that of amusement. Aviator Parmelee said:

"It was the finest trip I ever took. I did not land even once. I am satisfied with the way the aeroplane behaved."

Johnson's Fighting Spirit
Survives Every Onslaught

One of the most effective passages in Hiram W. Johnson's speech at Dreamland Rink last Wednesday night was his denunciation of William Randolph Hearst. When he made this denunciation people arose as a body and cheered the speaker again and again. Hats were thrown in the air, handkerchiefs were waved, men and women shouted themselves hoarse and it was some minutes before order could be restored sufficiently to allow the candidate to be heard.

This is the passage in the speech which aroused so remarkable a demonstration: "I remember the sixteenth of November, when a brave man's blood bespattered the very fount of jus-

ALL AT SEA AS TO RESULT
OF NEW YORK ELECTIONNever Before Has Entire Country Been
So Puzzled as to What May Happen on Election Day

NEW YORK, Nov. 7.—Although the politicians are keeping up a show of activity the campaign is virtually at an end and their energies will now be devoted to "getting out the vote." Never before in the country's history, they agree, has an election forecast been so difficult to make. The politicians admit they are completely at sea. The fight here has been bitter.

Both sides are claiming victory with the Democrats apparently the most certain. All interest now centers in the returns of tomorrow. Massachusetts will be the state first heard from, on account of the differences in time. New York will follow closely. The Pacific coast will probably know the far eastern results during the early evening, the first returns from the Atlantic seaboard reaching there almost before the forms of the afternoon papers are locked up. By midnight the general results will probably be known although the actual person-

nel of the next congress will not be certain until Wednesday noon.

PRESIDENT TAFT WILL VOTE BEFORE STARTING TO PANAMA
WASHINGTON, Nov. 7.—After depositing his ballot in Cincinnati tomorrow, President Taft will board the train for Washington, preparatory to starting for Panama. He will receive election returns on the train and before his arrival at Pittsburg expects to know the results throughout the country.

From Washington the president will go to Charleston where he will embark on the cruiser Tennessee.

REVOLUTION MAY BE
CHECKED AT ONCEAmerica and England May
Clear Gunboats for Action
In Honduras

SAN SALVADOR, Nov. 7.—Whether America and England will intervene in the Honduran revolution, suppress the outlaw, Valladares, and restore President Davila, will be decided tonight at a conference of the American and British consuls. The revolution is injuring the business interests of both countries in Honduras.

Should the consuls decide on drastic action, the American gunboat and two British craft now in Amapala Harbor, will be ordered to take charge of the situation. It is believed that Valladares will surrender if the gunboats are cleared for action.

Bell Club Meeting

The Bell Club will hold a final meeting before the election at its rooms in the postoffice block tonight. Arrangements are to be completed for workers at the polls tomorrow, and other matters of importance considered. The club has the work well organized, and expects to get out every Bell vote in the city tomorrow.

STRIKE SITUATION
IS GROWING WORSETaxicabs Stopped; Garbage
Wagons Next—Epidemic
Might Settle Strike

NEW YORK, Nov. 7.—A forerunner of what is expected to be the greatest traffic strike in the history of New York came today when ten thousand taxicab drivers struck in sympathy with the express drivers, according to union orders issued last night.

The executive committee of the International Brotherhood of Teamsters held a meeting today. The sentiment of the meeting was to force industrial peace by tying up every wheel in New York. President Gompers of the American Federation of Labor, later arrived to personally direct the strike.

The first move of the strikers will be to prevent the delivery of coal. If that is ineffective, all delivery wagon drivers will be ordered out, and the garbage men are to follow.

Danger of an epidemic if the garbage drivers go out, it is believed will force the express companies to arbitrate. The series of strikes that has been planned by the labor leaders threatens to inflict a succession of plagues similar to those inflicted on ancient Egypt.

The express companies declare they will appeal to the Federal government if the wagons hauling freight for interstate distribution are stopped.

STRIKE SITUATION WORSE—
HOFFMAN IS PARALYZED

NEW YORK, Nov. 7.—President Tobin of the International Brotherhood of Teamsters has issued a statement that the strike situation is growing worse, and that the express companies refuse to concede a point. It is believed a general strike is unavoidable.

Vice President Hoffman of the Teamsters' Union was stricken with paralysis today from overwork and worry. His condition is serious.

The executive council of the Teamsters' Union has postponed further action on the general strike order until tomorrow, when they hope Hoffman will be able to be brought to the meeting. All indications point to the fact that a general strike will be called.

BEARING NEW NAME
CHILD IS ADOPTED

An order of adoption was given by Judge West in the superior court whereby Constantine L. Stahl, born in May, 1908, becomes the child of David C. Drake and his wife. The name of the child was ordered changed to David Fordham Drake. The child was placed in the Drake home on Nov. 2, 1909, by the Children's Home Society of Los Angeles.

For the Good of Southern California Vote
for Johnson and Wallace

LOS ANGELES, Nov. 7.—To the voters of Southern California: We sincerely believe that the material prosperity of Southern California will be tremendously affected by the size of the majority which we give Johnson and Wallace on November 8.

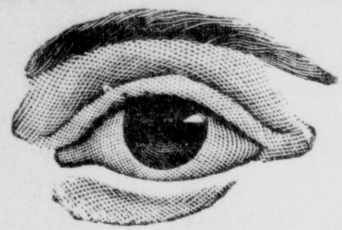

The Republican party stands for progress, high achievement and prosperity. No thoughtful Republican will indirectly aid reaction or socialism by failing to deposit his ballot for the nominees heretofore directly chosen by the Republican voters of the state.

PASTOR GOES TO RIVERSIDE

Garden Grove Baptists to Lose Their Leader—Garden Grove Notes

GARDEN GROVE, Nov. 4.—The Baptist people are mourning the loss of their pastor, Rev. Pate, who had to return to Riverside on account of business there needing his attention. Mr. Pate's resignation offered on Wednesday evening was accepted.

A large number of Garden Grove ladies attended the District Home Mission convention which was held in Santa Ana on Thursday and Friday of this week.

The ten acres northwest of town belonging to Mr. Farnsworth has been sold to I. W. Norcross of Los Angeles, who will move here and occupy the home.

Mrs. M. L. Forry has sold her lot in the north part of town to Mr. Blackmer who will build a new house on the property at once.

The Ladies' Aid Society of the East side had an all day meeting on Thursday at the home of Mrs. Wm. Mills, a very pleasant day being spent and a splendid dinner was enjoyed by all. The Women's Foreign Missionary Society of the Methodist church met at the home of Mrs. Preston on Wednesday afternoon. A large number was present and a very enjoyable time was had.

The eighth grade is planning a picnic at the Orange County Park for Saturday. Mr. Brown will furnish the team and do the driving and the seventh grade teacher Miss Middleton, will chaperone the class.

Miss Etta Adams and Miss Donaldson were entertained by the young people in their neighborhood on Tuesday evening with a bonfire and games. Refreshments were served.

N. Carmichael and H. L. Parks each finished harvesting their best crops on Thursday of this week and report a very satisfactory crop.

Ray Beardsley, who has been quite ill with the grippe, is very much improved.

Mr. and Mrs. F. L. Lake, who have been visiting his father, Mrs. F. L. Lake, and his uncle, W. W. Dungan and family, have returned to their home in Sterling, Colo. They are well pleased with California.

W. M. Ludden, the Y. M. C. A. secretary of Orange county, will be the speaker at the Baptist church at the regular hour on next Sunday.

Mr. and Mrs. J. T. McElree are business visitors at Los Angeles today. Special meetings are being arranged for next month to be held at the Methodist church. Further announcements will be given later.

Mrs. S. Bohn spent Friday at Balboa Beach with friends.

Mrs. John McMillan and her mother, Mrs. Sarah Mills, started for Bishop, Inyo county, to visit with Mr. and Mrs. Geo. Garner, sister and daughter of Mrs. McMillan and Mrs. Mills.

Mrs. Albee, formerly of Santa Ana, but now of Los Angeles, was a guest of Miss Kimball's on Monday.

A number of the Garden Grove young people spent Monday evening at a Halloween party at the home of Mrs. James Stautt in Santa Ana.

Mr. Buck cut his leg with the axe while trimming up the limbs on a tree which he had felled. The cut was of sufficient length to need several stitches. He is able to be out again and will probably have but little trouble with it. Dr. Violett is attending him.

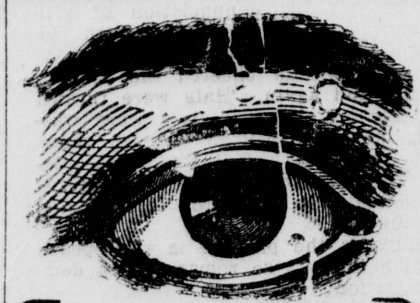

A very pleasant evening was spent when a number of the neighbors of Mrs. Donaldson gave her a surprise, "welcome home," on last Wednesday evening, at her home on Stafford street. The evening was spent in games and conversation. Kansas refreshments were served, consisting of doughnuts and chocolate.

E. Arrowsmith, who has been living on the Farnsworth place, expects to build a new cottage on his five acre place on the east side at once.

W. F. Peeler entertained Mrs. Carrie King of South Pasadena and Mrs. Basinger and daughter of Aurora, Ill., with an auto trip to Laguna. The trip was a delightful one.

Mrs. S. Bohn entertained the five lady teachers and Mrs. Ricker of Chicago on Thursday at a five o'clock dinner, carried out in Halloween idea. The evening was spent in games and music.

To the Voters of Santa Ana Township

The following facts relative to the election of Justice of the Peace in this township are made public because it is surely necessary that the voters should know which of the several candidates who aspire to that office is best qualified to perform its duties satisfactorily to the people of said township and Orange county:

As to Mr. H. M. Seymour, who is running as an independent candidate, the following can be truthfully said:

First. That on the 4th day of May, 1865, after being duly examined by three Justices of the Supreme Court of the state of New York, he was regularly admitted as an attorney of said state.

Second. That on the 25th day of May, 1865, he received his diploma from the law university of Albany, New York.

Third. That in November, 1865, he located in the village (now city) of Salamanca, New York, and practiced his profession until October, 1880. During that time he was Justice of the Peace for eight consecutive years, with much more legal business than we have had in this township in the same length of time.

In September of that year, his office, library and furniture were burned, excepting his safe and its contents, together with the best and most of the business part of the city. He closed up his business as well as he could, turned over the untried cases to a good lawyer, collected a few outstanding claims, and came out to this valley to visit an uncle, aunt and several cousins.

He fell in love with the country at once, soon found a good piece of unimproved land and went to work and made a home. Now living in the city of Santa Ana, one mile from courthouse.

He says that if you will give him the job he will do the best he knows how.

To the Voters of Santa Ana Township

Next Tuesday you will elect a Justice of the Peace.

I want the job. If you will give it to me, I'll do the very best I know how.

As to my qualifications, I refer you to ex-Judge Townner, 520 West Fourth street, Santa Ana, and the present justice, Edward Smithwick, at the courthouse.

To Buy Lots

At the regular monthly meeting of the Board of Directors, held on the 19th of October, Building, Finance and Real Estate Committees were appointed by the Board and authorized to proceed at once to negotiate for property in the several towns of the county and arrange for the building of homes.

The Real Estate Committee was instructed to purchase eleven lots in Placentia, where three homes will be commenced at once. The Building Committee was instructed to begin three new homes in Anaheim, which, with the five taken over from the Home Investment Company, and now in course of construction, will make a total of eleven.

The Real Estate Committee has been directed to negotiate for the purchase of property in Santa Ana, Orange and Tustin and building operations will begin at all of these points in the near future.

There is a large and increasing demand for homes in Orange county. Many applications have been made already and we feel that the outlook for the future is bright and that those who have invested their money in this enterprise will receive a handsome profit on the investment.

We invite all those who are interested, and the public in general, to visit us at our new offices, 418 North Main St., Santa Ana, where we will be glad to give any information regarding the building of homes or the investment of money in a way that will surely build up our community and produce dividends for the investor.

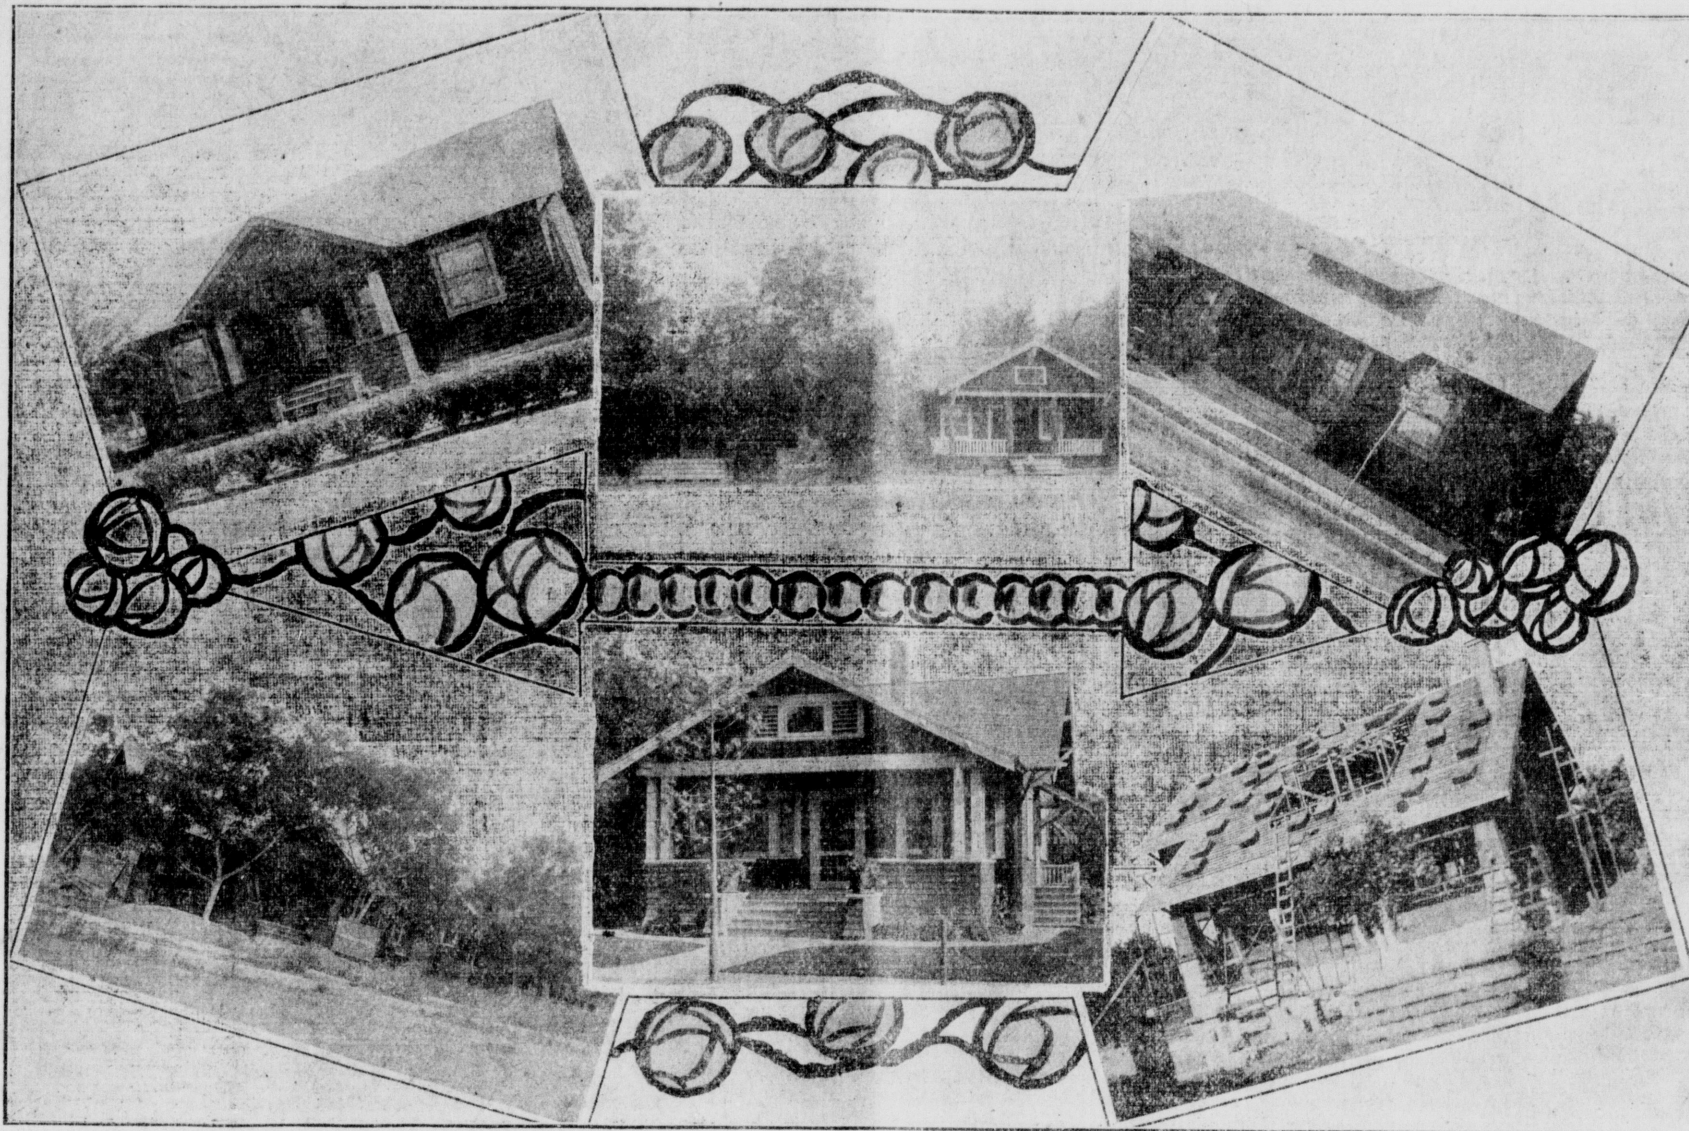

Offices Down Town

Our offices at 418 North Main street in Santa Ana are being fitted up so as to provide a large and comfortable waiting room with tables and chairs. This room is yours and you are invited to use it as a meeting place with your friends and as a rest room when waiting for the cars, etc. Stockholders are urged to keep themselves posted on the operations of the business, and one of the best ways in which to do that is to come in and talk to the Secretary. He can always find time to answer any questions pertaining to the ORANGE COUNTY INVESTMENT COMPANY affairs.

Price Goes to \$1.20

At a meeting of the Board of Directors held on Sept. 21st, the price of ORANGE COUNTY INVESTMENT COMPANY stock was increased to \$1.20 per share on a block of 10,000 shares. Now that the company is incorporated and stock being issued there is no good reason to suppose that this block of stock will last very long. When it has been taken up the price of the stock will be advanced to \$1.25. The stockholders who got in at \$1.10 and \$1.15 are to be congratulated. Six months from now those who come in at \$1.20 will be congratulating themselves. Stock can be purchased either for cash or on installments as low as \$1.00 a week.

SOME OF THE HOMES WE HAVE ERECTED

ANNOUNCEMENT: TO the Stockholders of The Orange County Investment Company and the General Public.

We have given a large portion of our time during the past six weeks to the details of organization of this company and to the task of appraising and taking over the assets and business of the Home Investment Company of Anaheim. This part of our work is completed; the old business has been absorbed on an equitable basis for all concerned; most of the stock subscriptions have been paid in full and the stock issued. We have no hesitation in saying that the future of the company looks very bright. Inquiries for stock as well as for homes are of almost daily occurrence, our new offices, of which we are very proud, are completed and are open to your inspection. We call upon all those who have subscribed for stock to send in their final payments at once, in order that there may be no delay in beginning our work. Acquaint yourself fully with the details of the business and let us work together to make a large success. An inquiry will bring you a copy of our new booklets, "Co-operate and Profit in Southern California" or "The Man Without a Home."

Our New Quarters

The carpenters and painters are through with their work on the new offices at 418 North Main street, Santa Ana. The circular oak counter and large fire and burglar proof safe are in place and the offices are conceded to be the finest in Orange county. Lease has been signed for these offices for a period of five years and they are so arranged as to permit a portion of the space not required by the company to be sub-let. From the stockholders standpoint this is a splendid arrangement, for the rented space will very nearly pay the entire rental. At the same time it is a good thing for the sub-tenant as he receives the benefit of a fine location, a luxurious office and waiting room, telephones, janitor service, light and heat, for a very reasonable rental charge. Part of the space has already been taken by Paine & Smith, the well-known real estate operators.

Insurance

You may not know that there are many ramifications to a business such as the ORANGE COUNTY INVESTMENT COMPANY, and that there is a profit to the stockholders out of each of these branches. One, and an important one, is the insurance business. We represent several first class companies in the various towns and country districts and every bit of your insurance you throw to this office and all you can influence to come to us will add that much to your dividends when dividend time arrives. Get busy.

Five Homes Now Being Erected

Contracts were closed during the past two weeks for the erection of two more homes in the northern end of the county, making five in all now under construction in that section of our territory. The outlook would indicate that we will have an equal number of buildings under way in the southern section within a very short time, or as soon as we can get matters in shape to undertake construction work. If possible we expect to keep at least ten homes in process of building at all times.

Co-Operation

Co-operation is the keynote of success in the business of the ORANGE COUNTY INVESTMENT COMPANY as it is in all business of a like nature. We have about 200 stockholders scattered throughout the county. Naturally all of you desire to see the company do a big business and make large profits to be distributed in dividends. The measure of success depends very largely upon the attitude of these 200 stockholders. By co-operating with us in every way; giving us information about prospective builders, preaching the gospel of home building under our plan, turning their insurance business our way, etc., etc., they can aid very materially in making this company a large and permanent factor in Orange county affairs. Let us all get under the load and lift together for a greater county, a more beautiful group of cities and success for the Orange County Investment Company.

Our Directors

It makes no difference how good a proposition may be, unless the right sort of men are at the head of it there can be no large success. We believe that there is no other corporation doing business in Orange county that has as strong a Board of Directors as the ORANGE COUNTY INVESTMENT COMPANY. Every man on the board is a successful man in his chosen line of work. Every man has pledged himself to devote to the affairs of this company the time required to insure success to the enterprise. There is not a resident of Orange county but knows these men or some of them either personally or by reputation. We give their names below:

A. Getty, V. P. First Nat. Bank, Santa Ana.
A. S. Bradford, V. P. First Nat. Bank, Anaheim.
D. F. Campbell, V. P. First Nat. Bank, Orange.
J. E. Kellogg, Capitalist, Santa Ana.
E. M. Nealley, Member County Board of Education.
C. H. Harris, Rancher and Capitalist, Santa Ana.
H. Romer, Merchant, Tustin.
E. L. Olmstead, President.

Comparisons

Fourteen years ago the stock of the Los Angeles Investment Co. could be purchased at \$1.00 per share and they had practically no assets. Today you have to pay \$3.35 for it and it is paying 29 per cent on par value. The Home Builders two years ago was selling at \$1.00 per share; today it is \$2.00 and earning 16 per cent. The stock of the ORANGE COUNTY INVESTMENT COMPANY at \$1.20 is a better investment than either of those stocks were at par and there is no good reason why this company should not become as prominent and important a factor in Orange county affairs as the Los Angeles Investment Co. has become in Los Angeles county affairs, and with equally as great profits to the stockholder. You cannot expect opportunity to knock at your door forever. Take advantage of this one to come into a good solid concern while the stock is only a little above par value. Every day you wait decreases your profit.

Home Certificates

We are now working out the details of our new Home Certificates. These certificates provide for the payment of any amount from \$1.00 up with weekly or monthly payments thereafter, with interest thereon, and are for the purpose of enabling every man or woman working for wages who has not yet accumulated a surplus, to begin paying for a home. As soon as the payments with interest amount to enough to make first payment on a home the amount may be transferred accordingly. Next month we will announce full details. In the meantime you may begin your payments by application at the office.

THE FIGHT ON WALLACE

While the fight against Johnson has been conducted chiefly in the open, that against Wallace has been largely waged in secret, and the means employed to bring about his defeat are not in all cases such as will bear inspection. The Southern Pacific railroad is almost as much concerned in defeating Wallace as it is in defeating Johnson.

The lieutenant-governor of the state is the presiding officer of the senate and names the several committees of that body. How injurious the use of that power may be made to the public welfare and how helpful to Private Interest and Special Privilege most unhappily has been made manifest by the Southern Pacific servant who now holds the place. He made up the committees precisely as the railroad desired. Progressive senators could introduce what legislation they pleased—the skillfully packed committees saw to it that the bills were strangled in committee. The Southern Pacific knows precisely what end it seeks when it musters its forces to defeat Wallace.

Wallace has proved himself to be a man capable of rendering great and valuable services to the people. As a public duty and in opposition to his personal interests and convenience he served in the common council and his influence and example achieved valuable results. He became a candidate for lieutenant-governor inspired wholly and solely by a desire to benefit his state. No personal ambition swayed him. All men who know Wallace know that to be true.

Wallace was active in the organization of the reform strength within the Republican party and one of the active factors that brought about the revolution of August and the expulsion from the Southern Pacific railroad from control. The railroad wants revenge. Its agents have secretly organized all the influences that can be aligned in opposition to a reform candidate whose whole strength has been cast for moral, social and political progress. Even if Johnson wins, the railroad and its allies hope to beat Wallace. Will you let it? Will you help the railroad that has fought you or help the man who, for you, has fought the railroad?—Los Angeles Express.

THE WORDS OF A
BRAVE, TRUE MAN

(Excerpts from speech by Hiram W. Johnson in San Francisco Friday, November 4.)

"When I entered this struggle I knew that my reputation would be stabbed by every sheet in the state of California that was owned by a disreputable millionaire. I am paying the penalty with a fair degree of philosophy, for, by the grace of God and the help of the decent citizenship of California, my day of reckoning will be next Tuesday."

"There stand Ruef, Calhoun, Jere Burke, George A. Knight, William F. Herrin and William Randolph Hearst, with the form of the Democratic nominee for governor skulking in the background. Where lie the interests of the decent people of California?"

"What is your opinion of a candidate for governor who knowingly and maliciously uttered what he absolutely knew to be false and vicious in the very language of Ruef's and Calhoun's Post? I would rather be a dog and bay at the moon than win the governorship of California by any such means."

On the other side, leading the fight of the Democratic candidate for governor and running his campaign, is a distinguished patriot whom you have known to your detriment; whom New York has known to its detriment; whom the people of the United States have known to their detriment—William Randolph Hearst. Do you want to fight under the banner of that assassin of character and apostle of the 'sand bag and the sack,' or the banner of Theodore Roosevelt?"

"Just as the Examiner engaged in the assassination of McKinley, just as it engaged in the attempted assassination of Gaynor, and just as it engaged in the attempt to murder Heney, it is today engaged in the attempt to assassinate, by cowardly innuendo, the reputation it has taken the man before you forty-four years to build up by honorable living and righteous activity."

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio.

"The sack is opened and money is being paid out to those miserable wretches who thrive on that kind of politics. For every vote of every thug and rogue, every crook and criminal, and every boughten wretch purchased for the benefit of the Democratic candidate here in San Francisco we want for this great cause two votes of home-loving and God-fearing people, the same as will be given throughout California."

"I have no fear of coercion this year. The day is past when the bludgeon was effective on the workman. When the workmen of California are in their booths, along with their conscience and their God, I feel confident of what the result will be."

"I warn you that the libels of these character assassins will increase a thousand fold when there is no chance to reply. In the next three days they will belch forth in this community fraud, mendacity and even forgery, as I have been informed. They would not stop at baser and worse crimes, just as they have not hesitated to advocate worse crimes in the past."

"When newspapers assassinate the characters of men, as these newspapers do, they are worse than murderers."

"Tomorrow the hired prevaricator from Indiana will undoubtedly renew this slander, libel, mendacity and outrage, so that after the campaign is closed tomorrow night, when no opportunity of reply is afforded, the miserable Examiner on Sunday, and that miserable sheet, the bawd of Calhoun and Ruef, may repeat these slanders."

"I warn you of what is coming. It is up to you to determine whether a gubernatorial campaign in the state of California can be won in that manner. It is your fight, rather than mine and with you I leave it, without in any degree soliciting, or asking, or begging, or in any fashion inviting votes from any man."

a disgrace to the party and demanding his resignation.
Los Angeles county leaders say that county will give Johnson 20,000 plurality and that he will come to the Tehachapi with 30,000 plurality. The rest of the state will give at least as much more. Dozens of leading Democrats throughout the state have come out in strong interviews favoring Johnson, and thousands of independent Democrats throughout the state will compensate for reactionary Republican disaffection.

Johnson's overwhelming election is assured.
A particularly bitter fight is being made on Wallace for Lieutenant Governor by the usual combination of selfish interests, operating through the Royal Arch. We feel confident, however, that the people of California will not permit the special interests to say who shall be Lieutenant Governor.

This campaign has been waged absolutely on principle by the Republican organization. Our funds have come from the people instead of from the corporations. We have entered into no deals, made no pledge, promised no jobs.

When Hiram Johnson assumes the governorship it will be as a free agent, without an obligation, except to carry out the pledge of the party platform, and as he himself has expressed it, to "keep the faith."

the laws. With them every servant and follower of the Southern Pacific road, from Herrin down.

Look abroad over the state. Note every county S. P. boss actively engaged against Johnson—every remote servitor of Special Privilege and Private Interest enlisted on Bell's side.

Look about you here. What one of the redlight grafters but is supporting Bell—aye, and significantly enough, supporting Fredericks, too! All the old wicked political combinations have been reorganized and renewed.

Gas, booze, railroad and vice all again are in alliance with Plutocracy, all working shoulder to shoulder with but one purpose, to elect Bell—to defeat Johnson.

It is the old fight for good government, with the same old line-up of the same vicious elements—the same conspiracy between money seeking political power and vice seeking impunity, captained by the same captains, led by the same leaders, directed as before by Ruef and Herrin in the north, organized again by railroad and vice in the south, devoted to one purpose—Johnson's defeat.

Will you stand idly by and see that great wrong done?—Los Angeles Express.

After the rendition and payment of my only bill in February, 1907, against the United Roads, I was repeatedly offered employment by the United Roads and as repeatedly declined it. The dates themselves show the falsity of another of the charges to which the Democratic candidate has lent himself, in his lust for office. 4,000,000 CORDS OF WOOD
IN THE MAKING OF PAPER

WASHINGTON, Nov. 7.—Over 4,000,000 cords of wood were used in the manufacture of wood pulp for paper making in the United States in 1909, as shown by the annual report on the industry issued by the census bureau.

The cost of the transformation of the wood, of which there were 4,002,000 cords, was \$34,478,000. This was an increase of about 50,000 cords over the consumption of 1908, but of only about 39,000 over 1907.

The advancing cost of pulp wood of all species is brought out in the report. The total consumption in 1907, though exceeding that of 1807 by less than 40,000 cords, cost over \$2,000,000 more.

Society

Attended Banquet

Mr. and Mrs. Alac Robbins, Misses Mabel Burr, Lilla Newton, Hedwig Reuter, Sophie Hardy, Adelaide and Clara Willets, Doris Robbins and Miss Willets attended a banquet given Saturday night in Los Angeles by the Young People's societies of the Unitarian church of Southern California. Most of the party went to the city Saturday morning.

Lawn Party

Postponed for a week on account of threatening weather, the lawn party given last Saturday afternoon by the Misses Elsie and Norma Wingood at the home of Mr. and Mrs. W. G. Gould on North Main street, was a charming affair, ideal weather making the afternoon doubly pleasurable.

The scene was a joyous one as the "rosebud garden of girls" flitted over the velvety lawn or disposed themselves in the inviting easy chairs, on sofa cushions and rugs or the porch settees that helped make up a picture of out-of-door comfort. The dainty costumes of the pretty girls and the many gaily tinted Japanese lanterns swinging merrily in the soft afternoon breezes, made lovely bits of color in the at-

tractive ensemble. Canvass walls enclosed the lawn, giving seclusion to the affair.

Diversions were numerous, one of the most interesting being the numerous musical selections rendered by an excellent phonograph. Several jolly games were followed by a Roosevelt hunt, a prize being offered for the capture of a rhinoceros said to be abroad on the lawn. When this startling news was made known, a vigorous search was at once instituted, and the ferocious beast was finally found in a palm tree, Miss Georgia Smith being the successful hunter. Her reward was a black cat with real hair.

After the dangers of the hunt were safely past, the young ladies visited a witch's retreat in the house, where they shook hands with a fiery-eyed lady of the broomstick. For their courage, each one received a magic slip on which were inscribed prophetic words concerning the dim and mysterious future. Then came refreshments of ice cream and cake, the young hostesses being assisted in this hospitable service by Misses Alice Cranston, Dorothy Secombe, Isabel Jayne and Marie Harris.

There were one hundred invitations issued for the lawn fete and but few regrets were sent, as all were eager to enjoy the anticipated event, which was fully up to the glowing expectations of the guests. Two of the prettiest features of the affair were the decorated fountain, which took on the semblance of a symmetrical pepper tree, and the rose arbor, which was decked in the greenery of pepper boughs and made cozy with rugs and easy chairs. Mrs. Gould, who presided over the arrangements, left nothing undone for the pleasure of her hostess nieces and their guests. The hours of the fete were from 2 to 5 o'clock.

W. C. T. U. Meeting

The W.C.T.U. will meet at 2:30 Tuesday, at the home of Mrs. George Post, 805 South Broadway, in a mothers' meeting. The subject for consideration will be "Children's Reading." All are invited.

Baracas Were Hosts

The Baracas of the First Baptist church proved themselves to be excellent entertainers and hosts Saturday evening, to half a hundred guests, with Prof. C. A. Gustlin, founder of the class, as guest of honor. The young men had the parlors

and their class room beautifully decorated in chrysanthemums and ferns, receiving many compliments on the result.

The evening was spent with a much enjoyed program that included a reading by Miss Winifred Roberts, piano solo by Prof. Gustlin, and a reading by Roy Elliott.

The company was then invited to the banquet room, where it was discovered that tables had been arranged in a square and were most artistically trimmed. Covers were placed for fifty people.

The boys had as their guests the Philathea girls, the boys of the Winners' class, the Sunday school superintendent and wife, Mr. and Mrs. Z. B. West, Miss Medlock, Dr. and Mrs. J. H. Garnett, and Prof. C. A. Gustlin.

After the guests had partaken of the good things to eat, Leslie Pearson, acting as toastmaster, called for responses to toasts. Mr. Pearson surprised and delighted his friends with his fund of stories and pleasantries in his introduction of the speakers and their toasts, which were as follows:

"Our Guests"—A. R. Marshall.
"Our Hosts"—Jessie G. Flook.
"The Winners"—Grace Rittner.
"Reinforcements"—Judge Z. B. West.

"The American and Foreign Boy"—Prof. Gustlin.

PERSONALS

Mr. and Mrs. D. G. Cole spent today in Los Angeles.

Laurence Bristol was taken seriously ill last Saturday and is still suffering greatly. His physician finds strong symptoms of meningitis. The friends of Mr. and Mrs. Bristol hope for an early recovery.

Miss Bertha Bates of Los Angeles was an over Sunday guest at the home of her brother, Gilbert Bates, 1218 Van Ness avenue.

Rev. W. L. C. Samson was a visitor to the city this morning. Alfred Perry came down from Los Angeles Saturday evening and joined an automobile party for Santiago Canyon. He went back to the city last night.

Miss Katherine Hilton, who is engaged in the Los Angeles Public Library, was an over Sunday guest of Miss Jane Humphrey, returning to the city this morning.

E. J. Wilson of Pittsburg, Pa., an old friend of Miss Thompson of the Dragon, has come to the coast and has secured a position in Los Angeles. He spent yesterday at Newport with Miss Thompson and Miss Krivil.

Rev. and Mrs. H. E. Murkett spent today in the city, the popular Methodist pastor attending the Los Angeles Association of Methodist Ministers, held each week in the city.

Sheriff Lacy Most Popular
In the voting contest for the most popular candidate in Orange county, at the Sunshine bazaar last Saturday Theodore Lacy, the popular sheriff, was the lucky winner, receiving the pretty little gift presented by the Sunshiners.

The members of the Sunshine bazaar are grateful to their friends for their kindly patronage, as a generous sum was realized from the bazaar for the Sunshine treasury. This sum will be used to give aid and comfort to the unfortunate and needy, bringing rays of sunshine into lives that might otherwise be forgotten, at the happy Christmas time.

The bazaar was held Saturday afternoon and evening in the Main Arcade, and was not only successful financially, but was pleasant socially.

AMUSEMENTS

Where to Get Election Returns

Manager Roberts of the Temple Theater, who is at all times on the lookout for the latest, has arranged to read the election returns from his stage, on Tuesday night, and the hundreds of patrons of the Temple will fully appreciate this, as they well know that he always has a fine program that they can enjoy, at the same time get all of the news, and thus avoid standing about the streets waiting for "the next." Past experience has proven that the Temple Theater is crowded on such occasions, and it goes without saying that the popular play house will have all that it can accommodate on Tuesday night. The big program will satisfy all wants, so far as entertainment goes, and the rest of the comfort and enjoyment is all thrown in.

Card of Thanks

At the time of the sickness and death of the mother, Mrs. Susan Haydon, many kindnesses were shown by neighbors and friends. The beautiful flowers and singing at the funeral and all expressions of sympathy were appreciated.

QUEER WEDDING GIFTS.

One Couple of Mature Years Received a Pair of Coffins.

An Englishman extremely fond of hunting received as a wedding gift from an anonymous person a complete set of false limbs a set of artificial teeth and a couple of glass eyes, to procure all of which the sarcastic donor must, of course, have put himself to considerable expense. Accompanying these strange presents was a note wherein the hope was expressed that, by reason of the recipient's many falls while following the hounds, some or all of these substitutes might ultimately prove of use. As the bridegroom had incurred much enmity while holding office under his government, it was supposed that these gifts came from a disappointed office seeker.

A well known American writer received from a rival man of letters a scrap book wherein were carefully pasted and indexed many hundreds of clippings containing adverse criticisms touching the former's work, and a popular artist was presented with a set of elementary works upon self instruction in drawing and painting.

Some years ago in the west an elderly, crusty merchant on espousing a spinster of mature age was presented by an undertaker with two coffins for himself and wife, a letter which accompanied these ghastly gifts stating that they would, unlike most of the other offerings received, be sure to be of service. Naturally enough the bridegroom resented this singular if useful gift, and it took all the efforts of mutual friends to prevent a breach of the peace.

Like vexation was no doubt felt by an infirm octogenarian in Ohio who wedded a pleasure loving woman more than fifty years his junior. The present in this case was a large brass cage, "intended," so the inevitable accompanying letter stated, "to restrain the wayward flights of a giddy young wife who has married a decrepit old fool for his money."—Chicago Record-Herald.

PIRATES OF HONGKONG.

They Are the Real Old Fashioned Bloodthirsty Kind.

There are pirates in Hongkong—not the usual kind that greet the gentle stranger with an expansive smile and take what he has for worthless rubbish, nor yet the petty thieves that go by that name on our own water fronts, but the real old fashioned, murderous kind, who count not the victims as they reckon the spoils.

Of course they do not swagger in costume, as all real pirates should, or ply their trade in Hongkong's immediate waters, but among the thousands of fishermen, stevedores and coal handlers that crowd the harbor's edge they mingle and gossip water front news, knowing well when a particularly rich cargo is due from the interior.

And in the purple twilight a junk darts out of one of the many estuaries far up the West or Pearl river and swoops with the suddenness of a hawk on the heavily laden prize. The struggle is short. Over the hills on the naked backs of a swarming crew the loot disappears forever from a smoking bulk in the rice swamps, or, as happened in the case of the Sainam, half a hundred take passage in the crowded hold of a river steamer and when the handful of unsuspecting whites gather at dinner raise a heathenish yell on the startled air, and the ship is taken.

Rifles thrust through booted doors subdue the pitiful fire that lasts a little while from behind the shot room tablecloth, but the ship is already headed for the bank by the quartermaster with a rifle at his ear, and one more tragedy is added to the long list of crimes on the Sikiang.—W. J. Aylward in Harper's Magazine.

Suicide by Swallowing Gold.

Suicide by swallowing gold is sometimes accomplished in China. The following is an authoritative account, written by a very learned Chinese for the Westminster Gazette, of how this much contested form of suicide is accomplished:

"In swallowing gold it is not loose gold leaf or gold dust that is swallowed, but a solid lump of gold, or even a gold ring, weighing about half an ounce. Gold is not at any time of a corrupting nature, but when a lump of it is swallowed and gets into the bowel it fails, on account of its intrinsic weight, to rise and surmount the convolutions of the bowels and can therefore never complete its passage. After two or three days it therefore sinks through the bowel and destroys life without any suffering."

An Unfortunate Response.

The problem of too many churches in a given locality is often a perplexing one. It is said that the churches in a certain village, on opposite sides of the streets, were so close that when the congregation in one church sang "Will There Be Any Stars in My Crown?" the congregation in the other church promptly responded, "No, Not One; No, Not One." Fortunate is it if the seeming contradiction is confined to the unintentional inharmonious responses in songs.—Lippincott's.

Table All Right.

"Do they have a good table?" asks the prospective guest.
"It is first rate," answers the man who has just returned—"solid oak, with heavy legs and a polished top."—Judge.

A Question of Gifts.

"Why did you deliberately make an enemy of your old friend Jinks?"
"Because he is to be married next month."—Lippincott's.

WILLIAM P. LAWLOR

This is the Judge Lawlor before whom were tried the Calhoun and Ruel graft cases in San Francisco. He is candidate for one of the two vacancies on the supreme bench. He is an embodiment of the principle of equal justice for rich and poor alike and, because he is and could neither be persuaded or cajoled into showing special favors to the defendants, the most determined efforts are making to defeat his elevation to the higher court where his sterling manhood, and his twelve years of experience on the superior bench, will make him of great value to the state. The Citizens' League of Justice, organized to further equality before the law, commends William P. Lawlor to the favorable consideration of voters without regard to party.

JOHNSON, THOROUGHLY AROUSED NAILS SEVERAL CAMPAIGN LIES

The complete answer to the charges made by Candidate Bell, and the imported and newspaper adherents of the Bell campaign, relative to the defense of J. Dalzell Brown by Hiram W. Johnson was given in Johnson's speech last night. This is the answer in full.

"I want you to know that I have no occasion on the face of the earth for any apology for any cases that I have ever had in the state of California. (Cheers) If any man wants to vote against me because I had a case of a particular character that is his right. He may do so. I make no complaint whatever. If he votes against me because of a lie regarding that case then I do complain and have a right to complain. And now that has been presented to me I am going to step aside from the beaten path of what I have hitherto said for just a moment to talk to you about the case of the people against J. Dalzell Brown.

"In 1906 I became the employe, I was employed legitimately, in the so-called graft prosecution. I continued in that employment until the opening of the Langdon campaign in 1907. And I call to witness the 2000 people who at the opening of that campaign crowded into the Mission rink when we began the fight to elect Langdon. At that time openly and publicly to those 2000 people I dis-

charged myself from the graft prosecution, telling them that I was going to participate in a political campaign and that I did not desire in that campaign, or at all, to be hampered by any employment that might be considered a private employment relating to that particular matter. That was about the first day of October, 1907. No Brown case was then ever contemplated or thought of. About the middle of December indictments were found against Brown, Barnett and Treadwell. For three months I had been unconnected with the graft prosecution. And that nails the No. 1. (Cheers).

"Because you will remember that it was asserted by these kept sheets of the interests, and it was asserted by the Democratic candidate for governor, that I left the graft prosecution to undertake the defense of Brown. He knew when he uttered that that it was not so. What do you think then, in a campaign such as this, involving the most exalted position in the state, of a candidate, who deliberately utters throughout the state of California what he knows to be an absolute untruth? I leave to you the determination of the character of such a man.

"In December, after the indictments, I was regularly employed in the defense of Brown, as I had a right to be, and for which I have no explanation to make and no apology

to make to anybody. And after that employment the district attorney's office, through William Hoff Cook, made the proposal to Brown that he testify against the other two defendants and that he put himself in the district attorney's hands. That question was left for him to determine. He did determine that he would accept the proposition thus made to him. He gave himself into the hands of the district attorney, and thereafter, except for such counsel as I could give to him, I had no connection with the criminal case in any degree whatsoever.

"Now it is charged that I received a fee first of \$55,000 in Western Pacific stock. I never received a share of stock nor owned a share of stock in that corporation in my life. (Cheers.) I have never, as attorney or otherwise, been connected in any way with the Western Pacific railroad company.

"Then it was charged that I received a fee of \$55,000 in the Brown case. That is equally and absolutely false. I did not receive one-tenth of that sum in that and civil cases relating to Brown combined. And Brown never paid me one penny of the money that I received in that particular case. All this is known to the Democratic candidate for governor. He knows every word of it, and notwithstanding that he has gone about the state of California indulging himself in this sort of detraction, and not only indulging himself, but permitting his accomplice, his co-conspirator, to continue it night after night, when he knows the falsity of what is being said.

"Other innuendos have been contained in the questions that have been submitted. As to any secretions of property, or any knowledge of any property that may have been had by one of these men, they know I had no knowledge whatsoever; equally false is any such insinuation, and every innuendo, every inference, every single attempt that has been made to besmirch in all this stuff, is absolutely and unqualifiedly false—known to be false to the man who uttered the stuff and known to be false to the Democratic candidate for governor." (Cheers.)

End Grippe Misery in a
Few Hours

—You will distinctly feel your cold breaking and all the gripe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Our Washington Letter

WASHINGTON, Nov. 7.—President Taft was receiving a big delegation of business men at the East Room of the White House the other day when Captain Archie Butt, military aide, whose duty it is to perform introductions on such occasions, presented a man to the Executive whose face seemed strangely familiar. President Taft hurriedly searched his mind for a clue to the man's identity as he shook hands—the name not having caught his attention.

"I'm glad to meet you, Mr. President," the man began. "I hear that you are expecting to deliver several speeches between now and election time and—"

"No, sir," interposed the Executive, "I have decided not to enter into the campaign at all."

"But—" began the man, hesitatingly, "you'll probably make some speeches some time soon anyway. Now—" and the man squared himself off—"the first requisite of a public speaker is a clear throat, a throat that isn't hoarse. I want you to accept a box of my cough-drops and keep them in your pocket, taking one just before you begin on your speeches."

It was then that the Executive remembered where he had seen that face before, and with a broad smile, put the cough-drops in his pocket.

A modern railroad system will soon let the light of civilization into the interior of Haiti, where voodooism has ruled for years. A message received by the State Department announced that the construction of the system was begun at Gonaives with imposing ceremonies on October 3, 1910. The railroad will be 400 miles in length and will touch every port in Haiti. It will be constructed by James P. McDonald of New York. McDonald will get, as a concession, land extending 12 miles on each side of the railroad for a distance of 200 miles. This includes the Artibonite valley, which has a soil of remarkable fertility. He has already been approached with offers by men who desire to lease 300,000 acres for banana growing, and Cuban capitalists who desire 100,000 acres for sugar.

Customs officers stationed at or near the Canadian boundary have been directed to notify immigration inspectors of the arrival of household goods of immigrants. The inspectors will also examine the entry papers in order that the owners of the household goods can be located and accounted for in the immigration records. One object of the regulation is said to be a desire to get a record of returning Americans.

The Bureau of Animal Industry of the Agricultural Department has demonstrated that hog cholera serum, if properly applied, will result in the saving of millions of dollars to the farmers and hog raisers of the United States.

A successful demonstration of the value of the new government serum for preventing hog cholera has been concluded at South Omaha, Nebraska, where in co-operation with the Union Stock Yards Company, it was severely tested and proved to be satisfactory in every instance. The stock yards company purchased 30 pigs which weighed from 40 to 60 pounds each. They were obtained from a farm that had been free from hog cholera for many years. Four of these were inoculated with blood from hogs suffering with cholera and isolated in a pen by themselves. Within five days they were, according to a report issued by the Department, very sick pigs.

Eighteen of the remaining hogs were then inoculated with the serum, while the other eight were not treated in any way. All were then put in the same pen. As a result of this experiment the four which were inoculated with the blood of the cholera hogs died; the eight untreated and apparently healthy hogs all contracted the disease. The eighteen which were given the serum and had been penned with the cholera hogs, remained perfectly well and were turned over to the officials of the stock yards upon the completion of the experiment.

Experts from the Nebraska Experiment Station and from the Nebraska Swine Breeders' Association witnessed the experiment and all were convinced of the thoroughness of the experiment and its satisfactory results. The Department does not distribute this serum to farmers, but is endeavoring to bring the value of this method to the attention of the stock raising interests, in order that they may arrange to secure state legislation for the manufacture and distribution of the serum.

LOS ANGELES PRODUCE MARKET

The local walnut market has received a new impetus during the week past owing to the very heavy call from eastern buyers. This call has been stimulated by the fact that it has been reported that no Italian walnuts will be allowed to enter the country this year owing to the cholera plague, which it is feared might be carried to this country through the nuts handled by people who live in the infected regions. Since more than 25 per cent of the walnuts consumed in this country comes from Italy, the effect is easily discernable.

The bean crop along the Sacramento and Stockton rivers and in other parts of the state is being harvested and some of these beans are already filling the northern markets, causing the local markets to show some weakness. The price on small whites in a jobbing way on the local market yesterday morning was down to \$3.70. Pink beans are also lower in heavy trading, and the market is showing a general weakness. Receipts of beans by trains were reported at only 141 sacks.

The demand for eggs was normal. Eastern storage are moving well and the price quoted was as low as 28 cents in the morning. Receipts of local fresh eggs totaled 75 cases. Butter receipts were 4656 pounds.

The call for butter was fair. Cooking and baking stock are in particular call and dealers are having little trouble in disposing of their spoiled butter.

Cheese arrivals were 1517 pounds. The price on cheese was more steady than on the day previous. Northern fresh sold at 17 1/2, while storage moved at 16 cents. Other varieties moved slowly.

Potato receipts were not obtainable. The market on spuds was very good and there was fair buying reported. No changes were recorded and the two cars of Salinas received in the last two days move dwell.

Onion arrivals were 320 sacks. The demand for onions was good. There were no changes in the sweet potato market. Arrivals were 355 sacks. Garlic is very plentiful at present, and it was obtainable on the street at 5 cents.

Missouri Pippins, Smith ciders and bellefleur apples were the best sellers of the day.

The pippins sold at \$1.15, the ciders at \$1 and the bellefleurs at 90 cents. Figs fresh from the trees are selling at \$1 a box. Peaches are worth 6 cents a pound for the best. Peaches are selling from \$1 to \$1.25.

Receipts of yellowtail have been exceedingly heavy this week, and one dealer on the market has handled at least ten tons of these fish. Smelt, sand dabs and sardines were the small fish obtainable. Salmon from the north were plentiful and carp were also among the heavy arrivals.

Night school opens Sept. 26 at Orange County Business College.

CROOKSHANK IS RECEIVER

Named to Take Charge of C. D. Taylor Property in This City

In the superior court this morning, Judge West appointed A. J. Crookshank of the First National Bank receiver in the suit for maintenance brought by Mrs. Minnie N. Taylor against her husband, Charles D. Taylor. Crookshank is required to give a \$3000 bond.

Mrs. Taylor was represented in court by Williams & Rutan, who made the motion for a receiver on the verified complaint. The maintenance sum asked is \$2500 a month. It is recited in the complaint that Taylor has been in hiding to avoid responsibilities as a husband. The complaint states that he is worth \$2,000,000.

The property to be taken charge of by Crookshank is in this city, valued at \$50,000, standing in the name of Edith Warburton Joy of New York, daughter of Russell T. Joy, to whom it was deeded by Taylor after his separation from his wife in Munich, Germany.

LOCAL TEAM PLAYED WELL

High School Put up Plucky Game Against Pomona College Team

The football team of the Santa Ana High School held the fast Pomona varsity team to a 20 to 0 score at the college town last Saturday afternoon.

The game demonstrated that every man, including the five substitutes, on the Santa Ana team, was a fighter, and although outclassed by weight, experience and speed, the team came back ready for more after each down.

If you should try to determine the star players in the game it would be a great deal easier said than done, for Saturday every man played the game.

On next Saturday afternoon at 2:30 the team will play the Pasadena High School team at the Lincoln school field. This will be the first game at home for the Santa Ana boys and a large crowd is expected.

For bargains in switches and puffs, see those displayed Saturday in room 15, Central Building, opposite City Hall, corner Third and Main streets. Phone Main 212. Miss Julia Campbell.

KISSEL-KAR WINS DESERT ROAD RACE

PHOENIX, Nov. 7.—The Kisselkar, driven by Herrick, won the Los Angeles-Phoenix desert road race.

KISSELKAR LEADS IN DASH TO PALO VERDE
The Kisselkar, driver, Herrick, shot through Palo Verde, sixty miles from Phoenix, at 10:45, mountain time, leading the field in the Los Angeles-Phoenix auto road race.

Ten thousand people greeted Driver Herrick when he swung his car into the territorial fairgrounds on the last leg of the annual race, and they cheered wildly as the Kisselkar came to a stop near the judges' stand.

The Franklin, Ralph Hamlin, driver, and Guy Irwin, mechanic, was second, and the Pope-Hartford, Tremaine driver, third. Time, 15 hours and 15 minutes.

The Kisselkar was never headed after leaving Vicksburg, where she led the Franklin by twenty-two minutes. The Mercer was twenty minutes behind the Franklin, with the Duro and Apperson but two minutes further back. At Salome, the Kisselkar had maintained the same lead, with the Pope-Hartford two minutes behind the Franklin.

APPEAL TO CONGREGATIONS TO SUPPORT A. J. WALLACE

That the liquor interests are making a special fight to defeat A. J. Wallace, Republican nominee for Lieutenant governor, is now well known all over the state. A large portion of the state has been pledged against him by the liquor interests, and advertising space has been hired in many places to carry on the fight against him because he has taken a prominent part in anti-saloon work.

This matter was referred to yesterday in at least two pulpits in this city.

Rev. J. A. Stevenson, pastor of the First Presbyterian church, read a telegram to his congregation announcing that the saloon interests were attempting to down Wallace.

Rev. Stevenson said: "When the issue is clear, when the lines are distinctly drawn, as they have been, by the advocates of the saloon, against Wallace, it is the duty and privilege of every man who stands for righteousness to line up for him."

"The best recommendation that a man can have is the enemies that he makes. No man who believes in good government can afford to be counted in the crowd that is combating Wallace."

Rev. C. H. Seccombe, pastor of the Congregational church, made a similar appeal to his congregation, saying that Christian people should vote for A. J. Wallace, irrespective of party.

STATEMENT FOR J. B. COX

A Correction

(Authorized Announcement)
In an authorized announcement published in the local press in the interest of Mr. L. A. West, candidate for District Attorney, the statement is made that he served two four-year terms in Kentucky as county attorney, and that this office corresponds to our district attorney. Without disparagement to Mr. West's abilities, it is well that voters should be correctly informed on this question. In Kentucky the office of county attorney is entirely different from that of our district attorney, and in most counties is a comparatively unimportant office. All prosecutions in the circuit court, corresponding to our superior court, are conducted by the Commonwealth's attorney, which office corresponds to our district attorney, while the county attorney acts largely as an advisory officer to the various county officials, only appearing in criminal matters in an occasional examining trial. I make this statement from personal knowledge, having lived many years in Kentucky. (Signed) L. M. HOPPER.

To the Voters of Orange County.

A report is being circulated that I have promised the Gun Club that if I am re-elected supervisor I will secure the passage of an ordinance prohibiting "road shooting" in Orange county. I wish to state that this report is without any foundation of fact whatever. I have never made any such promise and have no such intention.
